

# Commercial Floor Finishes

## Excellent for refurbishing and not replacing VCT

Saving you money and helping to save the environment, RD Weis Companies is proud of our product line that replaces traditional VCT wax.

Our polyurethane coating replaces traditional wax for your VCT floors. This product comes in three finishes: Satin, Matte, and Hi Gloss.

A second coating contains an additive that is resistant to scuff marks from heels or tires and was his product was developed for auto dealerships.

A third coating contains an additive that provides slip resistance and a safe environment foe employees and guests. All these products can be applied over VCT, sheet vinyl, ceramic, stone, and concrete.

Color it! We can add opaque color to the formula so you can change the color of the floor to any color you want.

Ask us about recycling, reclamation, and reuse; sustainable products; maintenance; specification; and A&D consulting.

Email or call us today at any of our branch offices in  
New York, Hartford, Boston, Rochester, Albany, or Detroit for a cleaner, more successful environment.
